RAJIV GANDHI INSTITUTE OF PETROLEUM TECHNOLOGY, AMETHI

(An Institute of National Importance established under the Act of Parliament)

Requirement of Research Assistant (RA) in RGIPT Sponsored Project

Applications are invited for one Research Assistant (RA) position   in the Institute sponsored project entitled "**Development of Local meshfree methods for certain family of time fractional diffusion equations: Theoretical and Computational Studies**".

The RA will receive a fellowship of Rs. 15,000/- (consolidated) per month. This position is only for one year. This position purely ad-hoc in nature. However, based on the progress made by the candidate, he/she may be allowed to register for a PhD program at the Institute subject to the Institute norms/selection process. Also, depending upon the availability, hostel facility may be provided to the candidate.

Eligibility Requirement:

Minimum Qualification: Candidate must have M.Sc. degree* in Mathematics/Applied - Mathematics/ Mathematical Sciences (with at least 60% marks or CPI/CGPA of 6.0.).
Age Limit: As on 1st July 2019, the maximum age of the candidates must be 26 years.
Desirable Qualification: Valid NET/GATE/SLET score.
* Candidate appearing in final examination and waiting for results are also eligible to apply.
** Candidates familiar with programming language(s)/ Matlab will be preferred.

Application detail:

Interested candidates may send their detailed curriculum vitae (CV) with the educational details from 10th standard onwards, and work experience details, if any. The last date for the submission of the application form is 28th May, 2019 (before 5 PM). Candidates may send their CV via an email to the alpeshk@rgipt.ac.in. In case of any query candidates may also write to the following email address.

Dr. Alpesh Kumar
(Principal Investigator)
