CORRIGENDUM-4

DATE: 20/01/2023

TENDER REF. NO.: RGIPT/JAIS/RSG/SK/2022-23/01, Dated: 16th Dec. 2022

E-Procurement for Supply and Installation of 01 No. HP-HT CO₂ Flooding system with Gas Booster and Reactor Cell

Reason for retendering

Retendering is necessary to procure "Supply & Installation of 01 No. HP-HT CO₂ Flooding system with Gas Booster and Reactor Cell". In an earlier tender process for procurement of the same, less number of bids (02) were received. Therefore, retendering for the procurement of "Supply & Installation of 01 No. HP-HT CO₂ Flooding system with Gas Booster and Reactor Cell" is being done.
