

Professor A S K Sinha, Director Rajiv Gandhi Institute of Petroleum Technology in conversation with Dr S S V Ramakumar, Director (R&D and Business Development), Indian Oil Corporation Limited and other Scientists at R&D Centre, Faridabad during the signing-in ceremony of the MoU

In order to promote industry-academia partnership, the R&D Centre, Indian Oil Corporation Limited signed an MoU with Rajiv Gandhi Institute of Petroleum Technology on February 25, 2022, at Faridabad.

The MoU which aims to develop a long-term framework for joint research and development programme was signed by Dr S S V Ramakumar, Director (R&D and Business Development), Indian Oil Corporation Limited Faridabad and Professor A S K Sinha, Director Rajiv Gandhi Institute of Petroleum Technology.

The MoU will foster greater cooperation between the two organizations for the promotion of education, research and innovation in the areas of mutual interest. A highlight of this MoU is that IOCL will offer 02 PhD Fellowships to RGIPT on yearly basis and its amount will be 25% higher than the normal fellowships. The selected students for the fellowship will also enjoy all the research facilities available with the R&D Centre, IOCL including a separate contingency grant to carry out their research work.
